

HIGHWAY MUSICAL

BY COLLIN GOSSEL

INT./EXT. CAR - HIGHWAY

A WOMAN sits in her car, looking board. We hear the sounds of traffic all around her. The radio is on.

RADIO DJ

Another dreary morning commute here
in LA - here's a tune that might
cheer you up.

"Another Sunny Day" from La La Land plays. The woman begins singing along - lowkey at first, then getting more into it. She begins doing some small dance moves in her car until, right on cue, she opens up the door and jumps out onto the street.

She is immediately RUN OVER by a passing truck. We hear the blare of it's engines fade into the distance as she screams on the ground.

OTHER DRIVER

It's a busy highway, asshole!
